

## 2008 Biological Collection Data: Length and Age

# Marine Sportfish Collection Project (Year 2)

- In 2008 there were 734 fish (filleted, but head to tail intact) donated to the Marine Sportfish Collection Project.
- The following graphs depict the age, length, and sex of fish donated to the project in 2008.
- Also included are the sub-sampled blueline tilefish, snowy grouper, and wreckfish donated to the project from 2007 and 2008.
